

How to Login to Wi-Fi with Username and Password

Wi-Fi Access

- 1- From your Mobile / Laptop, go to Network Connections
- 2- Navigate to the **Wi-Fi**

A screenshot of a mobile app interface for logging into a Wi-Fi network. The title is 'UTAS-Staff'. It has three input fields: 'Identity' with the value 'e99999', 'Password' with masked characters, and 'CA certificate' with the value 'Don't validate'. Below these is a note: 'No certificate specified. Your connection won't be private.' There is an 'Auto reconnect' toggle switch which is turned on. At the bottom, there is a 'View more' link and a large orange 'Connect' button.

For Students:

Select Wi-Fi Name: **UTAS-Student**
Identity: **Student ID**
Password: **Computer Login Password**
CA Certificate: **Select Don't validate**
Then **Connect**

For Staff:

Select Wi-Fi Name: **UTAS-Staff**
Identity: **Staff e Account**
Password: **Computer Login Password**
CA Certificate: **Select Don't validate**
Then **Connect**

A screenshot of a mobile app interface for logging into a Wi-Fi network. The title is 'UTAS-Student'. It has two input fields: 'Identity' with the value '22j22222222222' and 'Password' with masked characters. Below these is a 'CA certificate' section with the value 'Don't validate' and a note: 'No certificate specified. Your connection won't be private.' There is an 'Auto reconnect' toggle switch which is turned on. At the bottom, there is a 'View more' link and a large orange 'Connect' button.
